SUBJECT INDEX

AIDS
HIV, knowledge, inmates, prisons, Scotland 287
HIV, patient education, needs assessment, chronic illness 117
Alcohol
nutrition education, smoking, diet, adolescence, Australians 187
Antisocial behaviour
behaviour, injury-related behaviour, Norwegian adolescents 51
Behaviour
antisocial behaviour, injury-related behaviour, Norwegian adolescents 51
Breast cancer
cancer, breast self-examination, mammography 409
cancer, health, Hispanics, literacy, culture, United States 231
Cancer
breast cancer, breast self-examination, mammography 409
breast cancer, health, Hispanics, literacy, culture, United States 231
suntanning, solar protection, skin cancer, Australian youths 147
Chronic diseases
coronary heart disease, community intervention, media, newspaper, risk reduction, socioeconomic status 475
Condom use
gonorrhoea, brothel based sex workers, behavioural intervention, Singapore 423
Contraception
oral contraceptives, adolescence, contraceptive behaviour, sex behaviour 443
Coronary heart disease
chronic diseases, community intervention, media, newspaper, risk reduction, socioeconomic status 475
health information, client readiness 107
health promotion, prevention, effectiveness, cost-effectiveness 487
Diet
healthier eating, theory of planned behavior, theory of reasoned action, young adults 453
social support, health behavior, dietary change, nutrition, weight loss 383
Drug education
school health, sexuality education, role perceptions, diffusion 11
Family-focused prevention programs
consumer research techniques, market segmentation 259
Foucalt
health promotion, Helping People Change (HPC), ethical approach 339, 349
Fruits
self-efficacy, vegetables, preferences, outcome expectations, children 299
Gonorrhoea
condom use, brothel based sex workers, behavioural intervention, Singapore 423
Health
cancer, breast cancer, Hispanics, literacy, culture, United States 231
Health behavior
social support, diet, dietary change, nutrition, weight loss 383
Health economics
health promotion, ethics, accountability 355
health promotion, evaluation 361
health promotion, internal market, vocabulary 365
Health education
health promotion, physical disabilities, lifestyle, youth 173
Health information
coronary heart disease, client readiness 107
Health promotion
coronary heart disease, prevention, effectiveness, cost-effectiveness 487
health economics, ethics, accountability 355
health economics, evaluation 361
health economics, internal market, vocabulary 365
health education, physical disabilities, lifestyle, youth 173
health promoting schools, intersectoral collaboration, networking, comprehensive school health, Australia 519
health risk appraisal, computer-tailoring 97
Helping People Change (HPC), Foucalt, ethical approach 339, 349
lay perceptions, body, embodiment, grounded theory, personal responsibility 161
program participation, low income employees 71
quantitative research, effectiveness, European health promotion project 367
research, practice 317
school health promotion, evaluation research, organisational support, Western Australia School Health Project (WASH Project) 509
Health risk appraisal
health promotion, computer-tailoring 97
Helping People Change (HPC)
health promotion, Foucalt, ethical approach 339, 349
HIV
AIDS, knowledge, inmates, prisons, Scotland 287
AIDS, patient education, needs assessment, chronic illness 117
prevention programmes, evaluation 327
Injury-related behaviour
behaviour, antisocial behaviour, Norwegian adolescents 51
Low back pain
patient interactive videodisc, shared decision-making 535
Malaria
control, insecticide-impregnation, permethrin, community response, Nigeria 133
Mammography
transtheoretical model, behavior change 77
Mass-media
smoking, prevention, affective responses, interpersonal communication, cognitive dissonance, adolescents 29
Nutrition education
alcohol, smoking, diet, adolescence, Australians 187
Parent Health Locus of Control Scales (PHLOC)
replicability, psychometric properties, socio-demographic correlates 433

© Oxford University Press

Physical activity
long-term maintenance, analyses 463
Physical disabilities
health education, health promotion, lifestyle, youth 173
Program effectiveness
social behaviour, mediator relationships, potential effectiveness 501
Quantitative research
health promotion, effectiveness, European health promotion project 367
School health
drug education, sexuality education, role perceptions, diffusion 11
Self-efficacy
fruits, vegetables, preferences, outcome expectations, children 299
Sex education
evaluation, methodology, results, schools, teenagers 205
Sexual health care
teenage sexuality, providers view 1
Sexuality education
school health, drug education, role perceptions, diffusion 11
Smoking
adolescents, friends, family, longitudinal 309
behaviour, peer pressure, pre-adolescents, adolescents 39
cessation, telephone counseling, helplines, meta-analysis, review 243
cessation, telephone support, women 377
community tobacco control, durability, COMMIT 527
mass-media, prevention, affective responses, interpersonal communication, cognitive dissonance, adolescents 29
media images, young people 215
nutrition education, alcohol, diet, adolescence, Australians 187
Social behaviour
program effectiveness, mediator relationships, potential effectiveness 501
Social support
diet, health behavior, dietary change, nutrition, weight loss 383
Solar protection
cancer, suntanning, skin cancer, Australian youths 147
Suntanning
cancer, solar protection, skin cancer, Australian youths 147
Transtheoretical model
mammography, behavior change 77
Vegetables
self-efficacy, fruits, preferences, outcome expectations, children 299
Violence
dating violence, partner violence, gender, adolescents 275
Worksite stress reduction programs
status, class, culture 57
